PREFACE

THIS fourth volume of the *Socialist* Register follows the pattern of the previous three and is intended as a contribution to the discussion of problems of socialist theory and practice.

Our warm thanks are due to our contributors, to Ben Brewster for his translation of Maurice **Godelier's** essay, and to Martin Eve for being such a helpful publisher.

We should also like to make it clear that none of the contributors to this volume should necessarily be held to share the views expressed by any other.
